

Paul Alan, I'll Stay

I seen you when you walked the street
At that time I needed meet you
Now I know that this no regrets
You made me crazy from the beginning
I want to be with you for always 'cause this is my luck
Every day tells me, you're somebody more

I'll stay, I'll stay with you, my place is here
Your smile still changes me
I become a better man, know it.
My fate is your hand
I'll stay, I'll stay with you, don't worry.
Anything made, that I can't be free of you.

Do you remember how to pour me a juice?
Yeah, it was funny
In the moment it's to save in our life
Like a memory that never fade
because we'll always together
I trust you, I can be with you everywhere, just with you
I have power, that to purification me.
It's only thanks you.

I'll stay, I'll stay with you, my place is here
Your smile still changes me
I become a better man, know it.
My fate is your hand
I'll stay, I'll stay with you, don't worry.
Anything made, that I can't be free of you.

Oh, oh, ooh

I'll stay, I'll stay with you, my place is here
Your smile still changes me
I become a better man, know it.
My fate is your hand
I'll stay, I'll stay with you, don't worry.
Anything made, that I can't be free of you.

I'll stay, I'll Stay (oh baby)

Anything made, oh baby, that I can't be free of you
