

Paul Brandt, Small Towns And Big Dreams

I grew up in a small town,
A wheat field for a downtown kinda place,
It was really not much around,
You blink and you miss it.
I never knew what life would bring
But I always had big dreams,
I loved to play my guitar and sing,
And every night I'd wish that,
I'd get a shot on the Opry stage,
And have people come and see me play
Blastin' on the radio waves,
Enough to make my momma cry.

Cause that's where I come from
That's who I am
Hard working and God blessed
Yes sir thank you ma'am

The best things around that I have ever seen,
Came from small towns and big dreams

Small town went and grew up,
But I never changed much by God's grace,
Friends and family kept in touch
When I moved to Tennessee

Sing my songs and travel 'round
Met a girl and we're settlin' down
Wanna find a small town
Where we can raise a family

Cause that's where I come from
That's who I am
Hard working and God blessed
Yes sir thank you ma'am

The best things around that I have ever seen,
Came from small towns and big dreams.

Been around the world don't matter anywhere I go.
Even here in Fort McMurray...Flinflon...here in Brandon..Thompson, Red Deer,
Weyburn, Medicine Hat...
I've found my kind of folks

It's about you, and who you are,
It's all a state of mind
And as I'm giving you my heart
I hope you find

That's where I come from,
That's who I am,
Hard working and God blessed
Yes sir thank you ma'am

The best things around that I have ever seen
Just look around, you'll see just what I mean,
The best things around that I have ever seen,
Came from small towns and big dreams
