

# Paul Brandt, There's A World Out There

When I was a boy  
I'd get so annoyed  
Whenever it was pouring rain  
Standin' at the glass door  
Starin' at the outside nose pressed against the pane  
I told my momma  
I don't wanna be stuck inside no more  
Give me thunder and lightnin' somethin' excitin'  
That's what I'm livin' for

## CHORUS:

There's a world out there and I wanna be in it  
I got a life and I'm gonna live it  
Don't tell me the sky's the limit  
There's footprints on the moon  
I wanna do my walkin' down the road less traveled  
Sew my dreams where they won't unravel  
If you play it safe you won't get nowhere  
I can't stay in here when there's a world out there

I remember back in school  
They thought I was a fool  
For asking Lizzy Walker to the dance  
She was always with the captain of the football team  
Nobody thought I even had a chance  
But imagine my surprise  
When she looked me in the eyes  
And said I'll go with you instead  
I knew we'd be together for the rest of forever  
When Lizzy looked at me and said  
Hey Baby

## CHORUS

I imagine when they land on a brand new planet  
In some far off galaxy  
Somebody in the rocket's gonna look out the window  
Feeling just like Lizzy and me

Hey Baby, there's a world out there and I wanna be in it  
I got a life and I'm gonna live it  
Don't tell me the sky's the limit  
There's footprints on the moon  
I wanna do my walkin' down the road less traveled  
Sew my dreams where they won't unravel  
If you play it safe you won't get nowhere  
Can't stay in here when there's a world out there

If you play it safe you won't get nowhere  
You can't stay in here when there's a world out there  
(&quot;No, I just can't do it&quot;)  
There's a world out there  
(&quot;Don't even try and play it safe&quot;)  
No, no, no  
(&quot;You're not gonna get anywhere&quot;)
