

Paul Carrack, Some Kinda Love

Baby you push me a little too hard
Sometimes you pin me down
Catch me off my gaurd
And when I get outta line
It feels like you squeeze my mind
Baby you twist my words
Like only you know how
My heart can't find a rhythm
It's missing every other beat
Gimme some kinda love baby
Make it like it used to be
Gimme some kinda love baby
I need you right next to me
Sometimes I pushed you
A little too much
Sometimes I crossed that line
And I made you blush
I got a pain I can't nullify
Cos you stop me every single time
We've got to move before it
Becomes too late
You're testing my emotions
Tell me what is there to prove
Gimme some kinda love baby
Make it like it used to be
Gimme some kinda love baby
I ain't so hard to please
