

Paul Davis, 65 Love Affair

I was a car hop
You were into be-bop
You sang do wop diddy wop diddy wop doo
All of them changes you put me through
If I could go back again
Well I know I'd never let you go
Back with some of my friends
To that wonderful

CHORUS:

'65 Love Affair, We wasn't gettin' nowhere
But we didn't care It was a crazy

'65 Love Affair

Rock 'n' roll was simple and clear
Oh, I still can hear I can hear it baby
Well I asked you like a dum-dum
You were bad with your pom-poms
You said ooh wah go team ooh wah go
Ooh-ee baby I want you to know
If I could go back in time

Well, I know somehow you'd still be mine
I wouldn't be so blind

To that wonderful

'65 Love Affair

When rock 'n' roll was simple and clear

Oh, I still can hear

I can hear it baby

Well, I tried to make you give in

One night at the drive-in

You said oh no baby, oh no woo

All of them changes you put me through

If I could go back in time

Well, I know somehow you'd still be mine

I wouldn't be so blind

To that wonderful

CHORUS

We sang doo wop diddy wop diddy wop doo

Doo wop diddy wop diddy wop doo (repeat 5 times)
