

Paul Gilbert, Friday Night (Say Yeah)

It's Friday night
It's much too late
I know we missed
The subway train
Don't want to go
Home anyway
Just say yeah

I know we've had
Too much to drink
I'd call my dad
But I know what he thinks
So won't you stay
Oh, don't go away
Just say yeah

I feel so good sitting here next to you
And knowing that you're mine
The music's good, the lights are low
But I can still see
You're sure enough looking fine

It's Friday night
At least it was
It must have gone
With my beer buzz
But you could stay
Oh don't go away
Just say yeah
