

Paul Gilbert, Individually Twisted

I was walking through the grocery store the other day
To ward off my starvation
Got a crackerjack, a coffee, and a milky way
And had this realization

Gotta go where there's someone for me
Gotta know how a real love can be
Don't want to be

Individually twisted like a pretzel
Feel the salt right on my wounds
Individually twisted
Like a python
With a knot I can't undo
Individually Twisted
Twisted over you

So I called a couple friends to get some good advice
I knew that they could help me
Yeah they told me I was always just a little too nice
And that's why she condemned me

Gotta leave her and give it a try
Get me stoned on a natural high
Don't what to be

Individually twisted
Like a pretzel
Feel the salt right on my wounds
Individually twisted
Like a python
With a knot I can't undo
Individually Twisted
Twisted over you

Solo

Oo woo hoo woo
Oo woo hoo woo

Individually twisted
Like a pretzel
Feel the salt right on my wounds
Individually twisted
Like a python
With a knot I can't undo
Individually twisted, twisted
Twisted, twisted over you

Individually twisted over you
Individually twisted over you
