Paul Gilbert, My Religion

I wanna hear a band play loud
I wanna hear a screamin' crowd
I wanna hear a heavy sound
And let it surround me
This is my religion

I wanna be a superstar
I wanna play a fast guitar
I wanna live my life bizarre
And never be sorry
Living my religion

And there are angels
Angels
Yeah, there are angels
And they me that they're coming to save me

I wanna play the Tokyo Dome
To me it's like a church in Rome
Singing in a microphone
We're high and almighty
This is my religion

And there are angels
Angels
Yeah, there are angels
And they me that they're coming to save me
Tell me that they're coming to save me

I wanna hear a band play loud
I wanna hear a screamin' crowd
I wanna hear a heavy sound
And let it surround me
This is my religion
This is my religion
This is my religion
Yeah!!
