

Paul Hardcastle, Foolin' Yourself

You're playing games and messing up my life

making everything go wrong.

How much of this do you think I can take ?

I'll have to change before too long.

Now the games that you play and the words that you say

Made you look like a fool - foolin' yourself.

But if you try to deny my right to reply

I'm going to point out to you.

You're only foolin' yourself - foolin' yourself

Only foolin' yourself - foolin' yourself

You're only foolin' yourself - foolin' yourself

Only foolin' yourself - foolin' yourself.

Right never wrong that's how you want to be

It seems you're in some kind of a race - why don't you -

Realize you're killing what we have

it's staring you in the face.

Now the games that you play and the words that you say . . .

you're only foolin' yourself - foolin' yourself

Only foolin' yourself - foolin' yourself.

Now the games that you play and the words that you say . . .

You're only foolin' yourself - foolin' yourself

. . .

Now the games that you play and the words that you say . . .

You're only foolin' yourself - foolin' yourself

. . .

You're only foolin' yourself - foolin' yourself

Only foolin' yourself - foolin' yourself.
