

# Paul McCartney, About You

(McCartney)

You give me power to get out of bed  
When in the morning I'm feeling dead  
Living and loving there's a lot to be said it's true

Gonna say it about you  
Gonna say it about you

Out of the darkness and into the light  
Straight to the centre of everything right  
Darling don't worry the sky will be bright and blue

When I say it about you  
Gonna say it about you  
I'll say it about you

When did you teach me to fly thru the air  
Sooner or later we all will be there  
I read the headlines and now I can swear it's true

And they said it about you  
Gonna say it about you  
Gonna say it about you  
Gonna say it about you  
Gonna say it about you
