

Paul McCartney, Jenny Wren

(Paul McCartney)

Like so many girls, Jenny Wren could sing
But a broken heart, took her soul away

Like the other girls, Jenny Wren took wing
She could see the world, and it's foolish ways

How, we, spend our days, casting, love aside
Loosing, site of life, day, by, day

She saw poverty, breaking all the home
Wounded warriors, took her song away

[Solo]

But the day will come, Jenny Wren will sing
When this broken world, mends its foolish ways

Now we, spend our days, catching, up on life
All because of you, Jenny Wren
