

Paul McCartney, Take It Away

Take it away, wanna hear you play 'til the lights go down
Take it away, don't you wanna stay 'til there's no one else around?

Take it away, wanna hear you play 'til the lights go down
Take it away, don't you wanna stay 'til there's no one else around?

Lonely driver, out on the road
With the hundred miles to go
Soul survivor, carrying the load
Switches on his radio

Take it away, wanna hear you play 'til the lights go down (down down)
Take it away, don't you wanna stay 'til there's no one else around?

Take it away, wanna hear you play 'til the lights go down (down down)
Take it away, don't you wanna stay 'til there's no one else around?

And the audience, watching the show
With the paper in his hand (in his hand, in his hand)
Some important impresario
Has a message for the band

□

Take it away, wanna hear you play 'til the lights go down (down down)
Take it away, don't you wanna stay 'til there's no one else around?

You never know who may be listening to ya
Never know who may be listening to ya
You never know who may be listening to ya

Take it away!
Take it away!

After hours, late in the bar
By a dark and corner seat
Faded flowers wait in the jar
'Til the evening is complete

Aaaaaaaaaaaaaaaaaaaaaah..
