Paul McCartney, Write Away

You need love, write a letter, you need love write away Get it down, you'll feel better, send it now, write away

Hey Cinderella, did you need that other fella? On the wrong side of midnight your defences slipped away You need attention, so I think it's worth a mention That if I can deliver Well there wouldn't be no heavy price to pay

You need love, write a letter, you need love write away Get it down, you'll feel better, send it now, write away

You need love, write a letter You need love write away If you need to feel better, do it now, now, now write away
