

# Paul McCartney, Your Way

(McCartney)

I like it  
Please don't take my heart away  
It's happy  
Where it is so let it stay  
You gave me love  
You gave me what I wanted  
You gave me love your way

I've seen it  
Shining from the furthest stars  
Like Venus  
Saw it on the way to Mars  
You gave me love  
You gave me what I wanted  
You gave me love your way

Your way is strong  
Your way is right  
Your way is mine tonight

I like it  
Please don't take my heart away  
It's happy  
Where it is so let it stay  
You gave me love  
You gave me what I wanted  
You gave me love your way

Your way is strong  
Your way is right  
Your way is mine tonight

Your way is strong  
Your way is right  
Your way is mine tonight

You gave me love your way
