

# Paul Oakenfold Ft. Tiff Lacey, Hypnotized

You came in from the darkness and held the door open wide  
You stood there like a vision before my unbelieving eyes  
I believe in what I see and also what I hear  
But did the night play tricks on me or were you really there.  
Am I being Hypnotised  
Feeling like I?m Hypnotised  
Am I being Hypnotised  
Feeling like I?m Hypnotised  
Fear has gripped my heart and I am whispering out your name  
Can you hear the silence screaming do they sound the same  
Am I being Hypnotised  
Feeling like I?m Hypnotised  
Am I being Hypnotised  
Feeling like I?m Hypnotised  
Am I being Hypnotised  
Feeling like I?m Hypnotised  
Am I being Hypnotised  
Feeling like I?m Hypnotised  
You came in from the darkness and held the door open wide  
You stood there like a vision before my unbelieving eyes  
I believe in what I see and also what I hear  
But did the night play tricks on me or were you really there.  
Am I being Hypnotised  
Feeling like I?m Hypnotised  
Am I being Hypnotised  
Feeling like I?m Hypnotised
