

Paul Simon, Cars Are Cars

(Paul Simon)

Cars are cars
All over the world
Cars are cars
All over the world
Similarly made
Similarly sold
In a motorcade
Abandoned when they're old Cars are cars
All over the world
Cars are cars
All over the world
Cars are cars
All over the world
Engine in the front
Jack in the back
Wheels take the brunt
Pinion and a rack
Cars are cars
All over the world
Cars are cars
All over the world
But people are strangers
They change with the curve
From time zone to time zone
As we can observe
They shut down their borders - And think they're immune
They stand on their differences
And shoot at the moon
But cars are cars
All over the world
Cars are cars
All over the world
Drive 'em on the left
Drive 'em on the right
Susceptible to theft
In the middle of the night
Cars are cars
All over the world
Cars are cars
All over the world
I once had a car
That was more like a home
I lived in it, loved In It
Polished Its chrome
If some of my homes
Had been more
like my car
I probably wouldn't have
Travelled this far
Cars are cars
All over the world
Cars are cars
All over the world
Cars are cars' All over the world
