Paul Simon, Cars Are Cars

(Paul Simon)

Cars are cars

All over the world

Cars are cars

All over the world

Similarly made

Similarly sold

In a motorcade

Abandoned when they're old Cars are cars

All over the world

Cars are cars

All over the world

Cars are cars

All over the world

Engine in the front

Jack in the back

Wheels take the brunt

Pinion and a rack

Cars are cars

All over the world

Cars are cars

All over the world

But people are strangers

They change with the curve

From time zone to time zone

As we can observe

They shut down their borders - And think they're immune

They stand on their differences

And shoot at the moon

But cars are cars

All over the world

Cars are cars

All over the world

Drive 'em on the left

Drive 'em on the right

Susceptible to theft

In the middle of the night

Cars are cars

All over the world

Cars are cars

All over the world

I once had a car

That was more like a home

I lived in it. loved In It

Polished Its chrome

If some of my homes

Had been more

like my car

I probably wouldn't have

Travelled this far

Cars are cars

All over the world

Cars are cars

All over the world

Cars are cars' All over the world
