

# Paul Van Dyk feat. Vega 4, Time Of Our Lives

There's a time for us to let go  
There's a time for holding on  
A time to speak, a time to listen  
There's a time for us to grow  
There's a time for laying low down  
There's a time for getting high  
A time for peace, a time for fighting  
A time to live, a time to die  
A time to scream, a time for silence  
A time for truth against the lie  
A time for faith, a time for science  
There's a time for us to shine  
There's a time for mixed believing  
There's a time to understand  
A time for hurt, a time for healing  
A time to run, and make a stand  
This is the time  
Of our lives...
