

# Paul Van Dyk, The Ocean (Ft. Arty)

Night and day want you,  
Night and day want you,  
Night and day

I die

Night and day want you,  
Night and day want you  
Night and day (use me for you want)  
Want you (want you)  
Night and day (use me for you want)  
Want you (you cold my knees)  
Night and day want you,  
Night and day want you
