I'm the Chick Magnet, I'm the People's Champ  
I'ma playa on the mission for the benjamin's and grant's  
I stay up on my toes like a ballet dancer  
Boys questioning my gangsta I got 17 answers  
at the club I don't post up in the V.I.P  
I'm just chillin' at the bar with my thugs and G's  
I got the heart of a hustler, the mind of a nerb  
Comin' from the 7-1-3 the city of syrup  
If you don't like me, come blow me  
Michael Watts chop and slow me  
Alot of partners and homies  
some real some phony  
Some fans get my autograph then talk down on me  
The internet still be hatin', but the streets still love me  
ButtoScene got my back, with extasy and crack  
We call in Iraq with the laptop attack  
I don't cap on my fans I shoot craps with my fans  
On the way to Dallas in the Swishahouse rap van  
I got my middle-finger up with my boy Bun-B  
I came in the game a group but now I roll 1-deep  
Supersonics on my screen, watchin' C-Say & Joker  
Rashard Lewis goin' out flushin' boys like poker  
Got plex?, like John Lucas I'ma sharpshooter  
Paul Wall and Mike Jones comin' soon is The Future, baby
