

Paul Westerberg, A Few Minutes Of Silence

Play me what I want to hear
Don't make me have to come down there
Forgot how to think and I don't wanna dance
I wanna hear few minutes, few minutes, few minutes, of silence
Few minutes, few minutes, few minutes, of silence
It's me, I'm back for my request
Cut me some slack and give it a rest
Sex and money and violence
I wanna hear few minutes, few minutes, few minutes, of silence
Few minutes, few minutes, few minutes of silence
Silence
Silence
You know the reason I'm listening for
One more note and I'm out that door
Is it too much to ask for my request
Silence
Few minutes few minutes few minutes of silence
Few just a few few minutes come on come on just give me some silence
Few just a few few minutes all I ever wanna hear is silence
Few just a few few minutes few minutes of
