

Peabo Bryson, Live For Love United

Have you ever dream of playing for
the biggest team there is on earth
have you ever played dreaming large
the time is now and you are the star
the ball
it is travelling in your direction
give it all of your attention
pick it up and pass it on
that was gonna make us strong
we will live for love united
we will give for love united
For moments like this
for all those we missed
we will live for love united
come togheter undivided
we will stand up for all the people of the world
Have you ever dreamed of flying high
looking down from heaven with gods eyes
you know we could used some intervention
children needing youre protection
it is not enough to sing this song
Lift the cup and pass it on
we will live for love united
we will give for love united
For moments like this
for all those we missed
we will live for love united
come togheter undivided
we will stand up for all the people of the world
we will live for love united
we will give for love united
For moments like this
for all those we missed
we will live for love united
come togheter undivided
we will stand up for all the people of the world
- the people of the world
