

Peach, Burn

You can't see,
Don't understand,
You must be frightened,
Or just stupid.
You want everything?
Well you must be joking.

Grand Babylon,
So much to answer for,
Black and white,
Corrosion of all.
You want everything? Well you must be joking.

Corrosion, burning it down
Kerosene, burning it down.

You can't hear,
Dialogue of the deaf,
Dumb and blind,
But still in one mind.
You kill what you fear - well you must be joking.
