

Peach, Dougal

You say 'it's a new year'
I say 'I still want you here'
You say 'you'd better get your head together'
Say 'let's wait for better weather'.

Love me through the bad years,
Love me 'til it's Spring again,
Love me through my hopes and my tears,
Love me 'til we have no fears.

Take me there, in your mind's eye, out of time,
Love me again, before we pass out of time.
