

Peaches, Get It

We've got giving and getting
We've got giving and getting
That's what we got

You wanna get it give it got it

Well it may sound like a simple idea but

To get it
Gotta give it

We've got giving and getting
We've got giving and getting
That's what we got

To get it
Gotta give it

I thought you were down with me
Why are you down on me
Will you get down with me
Oh baby go down on me

We've got giving and getting
We've got giving and getting
That's what we got

To get it
Gotta give it

You wanna get it
You're gonna give it
You wanna get it
You're gonna give it

To get it
Gotta give it
To get it
Gotta give it
