Pearl Jam, All Or None

It's a hopeless... situation And I'm starting to believe That this hopeless... situation Is what I'm trying to achieve

But I try To run on Towards All or none,... all or none

Here's the selfless confession Leading me back to war Can we help that,.. our destinations Are the ones we've been before

I still try To run on Towards all Or none,... all or none

To myself I... surrender To the one I'll never please

I still try,.. to run on But I still try,.. to run on But it's All or none,... all or none.
