

# Pearl Jam, Can't Help Falling In Love

Wise men say, &quot;Only fools rush in.&quot;  
But I can't help falling in love with you.  
Until I stay. Would it be a sin?  
If I can't help falling in love with you.  
Like a river flows surely to the sea.  
Darling so it goes, some things are meant to be.

Oh take my hand. Take my whole life too.  
Because I can't help falling in love with you.  
And I can't help falling in love with you.
