Pearl Jam, Garden

the direction of the eye so misleading the defection of the soul nauseously quick

I don't question our existence I just question our modern needs

I will walk...with my hands bound I will walk...with my face blood I will walk...with my shadow flag into your garden garden of stone

after all is done we're still alone I won't be taken yet I'll go...

I will walk...with my hands bound I will walk...with my face blood I will walk...with my shadow flag into your garden garden of stone

I don't show... I don't share... I don't need what you have to give...
