

Pearl Jam, Got To Give

Pearl Jam prezentuje utwór "Got To Give" z płyty "Dark Matter" (premiera 19 kwietnia 2024 r.).

Stormy seas behind your eyes
The dark moon is setting on your cheap disguise
Whoever said love is a compromise
Knew you

Castle falling turning into sand
The high tide is crumbling all the rocks we sit
Never could believe a single word they said
About you

And there I am just picking up the parts
A broken engine busted lifted up on blocks
Should have made the turns when the road got rough
But who knew

I'll be the last one standing
I'll be the first to forgive, yeah
Give it away empty handed
Brazen my heart until something cares

I saw the Doctor said I'm falling apart
This heartbreak connection all the blood dried up
Said he could have fixed it have to open me up
Just like you

And I can't stand it cause it's no way to live
The praying on this every day has got to give
Give me liberty or give me death
Over you

I'll be the last one standing
I'll be the first to forgive, yeah
Give it away empty handed
Brazen my heart until something cares

Getting to the point
Where I can't breathe
Getting to the point
Got nothing to sing
Getting to the point
Where life don't made of thin glass
Getting to the point
We all are heard and seen
Oh, let's get to the point
We can, we can believe that we are better
Together, you and me, yeah
Can take on anyone
Anyone
If you can see

Something's got to give
Got to give
Something's, something's got to give
Something's got to give
Something's got to give
Something's
