

Pearl Jam, In Thin Air (Live)

On the last time you've got your new parachutes, or a new
bike or new clothes or something. Sometimes you got
something new you just, you can't wait to... to use it.
So we're ... are gonna try a couple... At least one new song.
Yeh, we can't wait to try it out, so. Another for you.
There's a light, when my baby's in my arms
There's a light, when the window shades are drawn
Hesitate when I feel I may do harm to her
Wash it off cause this feeling we can share
And I know she's reached my heart in thin air.
Byzantine is reflected in our pond
There's a cloud, but the water remains calm
Reaching in the sun's fingers clutch the dawn to pass
Even out, it's a precious thing to bear
And I know she's reached my heart in thin air
Yes, I know she's reached my heart in thin air
It's not in my past to presume
Love can keep on moving in both directions
How to be happy and true
Is the quest we're taking on together
Take it on, on, on, on, on
Take it on, on, on, on, on...
There's a light when my baby's in my arms
And I know she's reached my heart in thin air
And I know she's reached my heart in thin air
And I know she's reached my heart in thin air
Yes, I know she's reached my heart
