

# Pearl Jam, Throw Your Arms Around Me

I will come to you in the daytime  
I will raise you from your sleep  
I will kiss you in four places  
As I go runnin' down your street  
I will squeeze the life right out of you  
I will make you laugh, and make you cry  
And we may never forget it  
As I make you call my name as you shout it to the blue, summer sky  
And we may never meet again  
So shed your skin lets get started  
And you will throw your arms around me  
And you will throw your arms around me  
I will come to you at nighttime  
I will climb into your bed  
I will kiss you in 195 places  
As I go swim around in your head  
I will squeeze the life right out of you  
I will make you laugh, I'll make you cry  
And we may never forget it  
As I make you call my name as you shout it to the blue, summer sky  
And we may never meet again  
So shed your skin lets get started  
And you will throw your arms around me  
And you will throw your arms around me  
Ohh yeah, uh huh, uh huh...  
Ohh yeah, uh hum, ooh...  
Ohh yeah, uh huh, uh huh...  
Oh...and you will throw your arms around me...
