

Pebbles, Giving You The Benefit

Lately Ive been trying to figure out your mind
And why condition me poor little me
And why you have a change of heart turn it all around and then
Try to put it on me poor little me
Dont ya know I can make ya trip I can make things hard
But baby I believe that youve still got a heart thats why
I try to stop myself before I start cause I can make it tough
I can make it rough but wont

CHORUS:

And Ill be giving you the benefit of the doubt
Giving you a minute to try to work it all out
And Ill be giving you the benefit of the doubt
And Ill be giving you a minute to try to work it all out

Baby work it all work it all out
(work, work, work)
Baby work it all work it all out
(work, work, work) oooohh

Baby how could you be hangin out on a diamond queen
Aint you missin me poor little me
When you knew all the time that you could have been
With your home girl lovin and a
Kissin on sweet little me

Dont you know if you wanna be a man you

gotta work real hard
If you wanna make me feel like Im your number one then
Nothin in the world should make us part
Cause we can make it work if you
take it with the hurt from the heart

(work, work, work)
Work it baby (work, work, work)
Keep tryin to work it all out
