Peel, Natalie Somewhere

Hey, wasted boy
Don't slash your soul
Don't slash your soul, it's all you got
Little girl
Don't eat the world
Don't eat the world all in one piece
It goes on and on and on.....('till we) rip it up, rip it up...

Everything they ever say, every time you're in their way
Every night I ask is natalie, natalie somewhere?
All in all they're in the cold, all in all they're without love
Yeah, all in all I ask is natalie, natalie somewhere?
Hey, little boy, don't fake a smile, don't fake a smile it'll stick like glue
Wasted girl kiss the world, yeah, kiss the world before it kicks you
It goes on and on.....
