

# Peeping Tom, We're Not Alone (Remix)

(A lover)

This feeling has a thousand limbs, all the hers and his  
Tell me do you like it? (I like it)  
Too big to fit in this skin, this skin I'm in  
Because I'm a lover  
Breathe out, breathe in!  
I won't live like the dead, come to life again  
Because I'm a lover (A lover)  
For the first time I open my eyes and feel alive  
That's cos I'm a lover

We're not alone in this psychodrome, but I know that I don't want to lose you  
Living the dream, if you know what I mean, and I'll be that boy you used to know  
I'm not alone, I've got this microphone, and you know that I ain't gonna fool you  
Be that king, try to be that queen and you wouldn't save me!

(A lover)

Open me like a door, a flower or a book, a cloud when it rains  
(A lover)  
There's nobody in the streets, or in their homes  
Just skies and winter plays  
Breathe out, breathe in!  
Got to sack this poisoned feeling, let my mind be clean  
Because I'm a lover (A lover)  
Dreaming won't heal, here's a clue  
I am here for you, I'll be your provider

We're not alone in this psychodrome, but I know that I don't want to lose you  
Afraid of the wars behind closed doors where I'm just a baby in your arms  
I'm not alone, I've got this microphone, and you know that I ain't gonna fool you  
We watch TV, read a magazine, just to keep our minds erased  
Keep our minds erased!

We're not alone in this psychodrome, but I know that I don't want to lose you  
Our love is made like a Starbucks chain, and we're taking over this neighborhood!  
We're not alone in this psychodrome, and I know that I don't want to lose you  
We're living the dream if you know what I mean, and I'll be that boy you used to know  
We're not alone in this psychodrome, and I know that I don't want to lose you  
Afraid of the wars, behind closed doors where I'm just a baby in your arms

We're not alone  
Not alone  
(I don't wanna lose you)
