

# Pegazus, Metal Forever

Now the time is right  
For Pegazus Warriors to unite  
We stand together tall  
Forever we will fight  
Across the many wastelands  
Across the seven seas  
To unleash the metal beast  
The one we all know

Restless and wild  
Like the devil's child  
We'll show the non believers

Metal Forever  
The power drives us all insane  
Metal Forever  
We feel it, running through our veins  
Metal Forever  
Like thunder, shaking the sky  
Metal Forever  
The one for you and me

Listen for the thunder  
The ancient gods are back  
Giving us the power  
Forever we are one  
Just like the prodigal son  
An outcast, the unholy one  
Don't think to stop us  
The beast is back again

Restless and wild  
Like the devil's child  
We'll show the non believers

Metal Forever  
The power drives us all insane  
Metal Forever  
We feel it, running through our veins  
Metal Forever  
Like thunder, shaking the sky  
Metal Forever  
The one for you and me
