

# Penance, See the Light

All you feel is pain  
Huddled there in the dark  
Looking for the last bad reason  
To end it all  
Well I've been watching you  
In your self made hell  
And you don't see the pain  
You cause yourself

Won't you see the light?  
Won't you see the light?

In a world of pain  
There is always a way  
Reach inside yourself  
For the keys to a brighter day  
And if you're ever afraid  
Know that I'm by your side  
You won't travel alone  
I'll help you find the light

Won't you see the light?  
Won't you see the light?
