

Pencey Prep, Fat And Alone

fat and alone
you're out on your own
and nobody's calling on your telephone

[Chorus]
things aren't getting any better
(Frank: you're fat and alone)
and you stretched out all your sweaters
(Frank: so fat and alone)
things aren't getting any better
no never, no never

fat and alone
you're out on your own
king of blubber
sitting on your throne

[Chorus]
things aren't getting any brighter
(Frank: you're fat and alone)
and you're not getting any lighter
(Frank: you're fat and alone)

no never [x10]

you're so fat [x3]
