

Pendulum, Violet Hill

Was a long and dark December
From the rooftops I remember
There was snow
White snow

Clearly I remember
From the windows they were watching
While we froze down below

When the future's architected
By a carnival of idiots on show
You'd better lie low

If you love me
Won't you let me know?

Was a long and dark December
From the rooftops I remember
There was snow (the was snow)
White snow (white snow)

Clearly I remember
From the windows they were watching
While we froze down below

When the future's architected
By a carnival of idiots on show
You'd better lie low

If you love me
Won't you let me know?

Was a long and dark December
When the banks became cathedrals
And the fog (and the fog)
Became God (became God)

Priests clutched onto bibles
And went out to fit their rifles
And the cross (and the cross)
Was held aloft (was held aloft)

Bury me in honour
When I'm dead and hit the ground
A love back home unfolds

If you love me
Won't you let me know?

I don't want to be a soldier
With the captain of some sinking ship
With snow (with snow)
Far below (far below)

So if you love me
Why'd you let me go?

I took my love down to violet hill
There we sat in snow
All that time she was silent still

So if you love me
Won't you let me know?

If you love me,
Won't you let me know?
