

Penguins, Where Were You

Where were you when I couldn't see
Why didn't you believe in me
Why weren't you there
why weren't you there
Why weren't you there

Refrain:

I don't know what's gotten into you
I really don't know you
Why do you come knockin' at my door
I don't wanna see you
Baby we've gone over this before...
you just don't care

I like to think we're good together
I used to believe we'd be forever
Where are you now
Where are you now
Where are you now

Bridge:

You don't need me, I don't need you
but I don't know just how to show you
I thought forever, now it's never
Why can't I wake up from this dream

Refrain x2 then you just don't, you just don't, you just don't care
