

# Pennywise, Fight It

Some things gone wrong today  
What are we fighting for?  
There's got to be something better  
So finally we'll find a way

We've got to fight it, today  
We've got to fight it, it won't go away  
We've got to fight it, today  
What are you fighting for? Just make some noise, go away

We still have a chance today  
What are you waiting for?  
We know we can't make it better  
So united we'll find a way

We've got to fight it, today  
We've got to fight it, it won't go away  
We've got to fight it, today  
What are you fighting for? Just make some noise  
Whoa Yeah, find something better, won't waste your time  
Whoa yeah, seeing them cry out, won't change your mind  
Whoa yeah, we know you want something better  
Whoa yeah, what are you fighting for? It's got to stop today

We've got to fight it, today  
We've got to fight it, it won't go away  
We've got to fight it, today  
What are we fighting for? Just make some noise  
Whoa~ Yeah, find something better, won't waste your time  
Whoa yeah, seeing them cry out, won't change your mind  
Whoa yeah, we know you want something better  
Whoa yeah, what are we fighting for? It's got to stop today

We've got to fight it, today!
