

# Pentatonix, Meet Me Next Christmas (From Netflix)

Meet me next Christmas  
Yeah, yeah  
Mm

I've only got one wish (one wish)  
And it's a bit selfish (selfish)  
But I keep thinking, maybe you could meet me next Christmas  
Yeah, yeah  
And I made a checklist (checklist, yeah)  
With only one box to tick (box to tick)  
But I keep thinking, maybe you could meet me next Christmas  
Oh-oh

I do not mind driving through the snow  
No flight delay could stop me  
Know that I will do whatever it takes  
To hold your hand on Christmas Day  
What do you say?  
Meet me next Christmas  
(Yeah, yeah, mm)

I see some mistletoe (mistletoe)  
Right up above me, with no one to kiss  
So, baby, maybe you could meet me next Christmas  
Oh-oh  
I ain't in the Christmas mood, no  
You know it true, it's you I miss  
So, baby, maybe you could meet me next Christmas, yeah  
Oh-oh

I don't wanna hear the radio  
No "Jingle Bells" or "Let It Snow"  
'Cause it ain't the same, no  
I can't hit the same notes  
So now I'm flipping to my falsetto  
You already know  
Meet me next Christmas

You know where to meet me (you know where to meet me)  
You know where to meet me (yeah, you know)  
You know where to meet me for the holiday  
You know where to meet me (so won't you)  
Meet me next Christmas (you know where to meet me next Christmas)  
You know where to meet me  
You know where to meet me for the holiday  
Meet me next Christmas

I do not mind driving through the snow  
No flight delay can stop me  
Know that I will do whatever it takes  
To hold your hand on Christmas Day  
What do you say?  
Meet me next Christmas

(Meet me, meet me, meet me next-)  
(Meet me, meet me, meet me next-)  
Meet me next Christmas  
(Meet me, meet me, meet me next-)  
(Meet me, meet me, meet me next-)  
Meet me next Christmas
