

# Penumbra, Hope

One word  
Just one word to exist  
Precious as a jewel  
Cruel as a farewell  
Like an echo in my head  
Showing your obsessions  
All the hopes that I fed  
Just can't be illusions

Hope  
I refused to say it  
Thinking it was  
The only privilege  
Of the weakest ones  
Of the weakest ones  
Not believing  
In hope meant for me  
That I decided  
On my destiny  
All these sufferings  
I'm ready to endure them  
Just to find you again  
Just find you  
Again  
Now you hang  
On this world  
Like the condemned  
Man clings  
To life  
You'll defend  
The beauty  
Of it  
Killing the one  
Who will profane it

Believe in the purity of  
This world  
As you believed in us  
Running away from your hate~  
May be the way to save you

I often misused words  
To define love  
I burnt icons for you  
I just need symbols  
Whatever they are  
Why  
I couldn't say

Why do people pray before a cross  
Today mine is but a word  
So pure  
So magical  
I wish it would last forever

Notre sang coule dans tes  
Veines  
Et pourtant tu oses  
Encore esperer  
Penses-tu réellement  
Rejoindre ta reine  
Crois tu pouvoir encore  
L'aimer

Ou est passe ton  
Honneur  
Celui que nous t'avons  
Inculque  
Tu seras damne pour cette  
Injure  
A jamais renie  
Nous graverons sur ta tombr ce mot illusoire  
Ce mot qui provoquera ta perte  
L'espoir  
Hope

I refused to say it  
Thinking it was  
The only privilege  
Of the weakest ones  
Of the weakest ones  
Not believing  
In hope meant for me  
That I decided  
On my destiny  
All these sufferings  
I'm ready to endure them  
One word  
Just one word to exist
