

Penumbra, Turn Them Off

Crazy girl, you just have to smile
Show your legs, turn them blind
Kill' em all, you're afraid
Cause they are still alive

(CHORUS)

Turn them off
Make them smell your
Flesh just to see their eyes
Bring them to your death
Crazy girl, crazy faith

Let your body speak
Open it like a door
Slave them with your breath
Crazy girl, crazy death

Life is a masquerade
Angel of love is a devil
Reality is so sad
Why's your hate so strong
