

# People In Planes, Mayday (M'aidez)

There's another way,  
there must be another way.  
This is not a game,  
but we'll play it anyway.  
Stare into my screen,  
it gives me what I need.  
Im chomping at the bit to get my drip feed,  
I love your strangle hold,  
I need your strangle hold,  
just squeeze until I go, ooh!  
Help me, help me, you know me better than I know myself.  
Mayday, mayday, some people tell me Im a danger to myself,  
you know me better than I know myself.  
Gettin nothing done,  
Im gettin nothing done.  
Failing all my friends,  
now Im failing everyone.  
I love your strangle hold,  
I need your strangle hold,  
just squeeze until I go, ooh!  
Help me, help me, you know me better than I know myself.  
Mayday, mayday, some people tell me im a danger to myself,  
Help me, help me, you know me better than I know myself,  
Some people tell me Im a danger to myself.  
How long, how long was I sleeping? x4  
Help me, help me you know me better than I know myself.  
Mayday, mayday, some people tell me Im a danger to myself,  
Help me, help me, you know me better than I know myself,  
Some people tell me Im a danger to myself.  
How long was I sleeping?
