People In Planes, Penny

Taking on two
Two tasks at once
It's a hell of a time
To be stranded off the line

I'm a machine,
but I'm a funny colour,
I'm a funny colour

Your evidence
Of how an electric fence
Is a breakthrough
In self defence

It takes
It takes what it takes

I'm a machine, I'm a machine
but I'm a funny colour,
I'm a funny colour

It takes
It takes what it takes

I'm a machine, I'm a machine
but I'm a funny colour,
I'm a funny colour
