

Pepper, Give It Up

[verse 1:] Its been a while since I've seen your face, got to say that I'm happy to see you come around here. Now I think we've talked about it and I think I know what's coming up next, lets put our minds together and let our hormones do the rest. Does it seem obscene, does it seem like a bad thing. Well if it is I'm sorry miss, but you know I'm just 19. So don't be afraid when my pants start to leak, you know damn well I'm in my sexual peak.

[chorus:] Why don't you have some dirty hot sex with me. It aint like I'm askin ya to give it up for free. We can start it right now baby get on you knees, don't make me beg again girl I just said please.

[verse 2:] Now when you look down don't be misled. I found my lifes purpose and its getting up stairs and taking your bed. Well theres the phone girl go right on ahead. I'm sure youd rather be with your stupid boy than me instead.

[SHORT SKIT]

[bridge:] Why you gotta sleep with my dad?

[CHORUS]

[chorus 2:] Baby get on your knees oh yeah....I'm beggin you darlin please. oh yeah oh yeah please...please...please me.....
