

# Per Gessle, I'm Glad You Called

i hate to say im glad you called  
but you know i always tell the truth  
its been a while and lots of miles  
i wouldnt say i have been missing you

the first week i stayed in my bed  
that summer went straight to my head  
the first year without you  
i walked like the dead

hate to say im glad you called  
even though it doesnt matter now  
there was a time i mightve cared  
but im seeing someone else now

i dont have to think very hard  
to rewind every frame of my love  
i never i could never get enough  
of your stuff

look around look around look around  
babe, i look around  
i look around look around look around  
babe, i look around

hate to say im glad you called  
but you know i always tell the truth

its been a while and lots of miles  
i wouldnt say that ive been missing you

the first week i cried in my bed  
that summer i hurt and i bled  
the first year without you  
is hard to forgive
