

Per Gessle, I Want You To Know

Ever since I saw you
Entering my world
Life has really changed
To diamonds and pearls
I'm tryin' to take it slow
Just goin' with the flow
I want you to know
I want you to stay, don't go
Every day's the same
Like cracs on the wall (cracs on the wall)
But every time I meet you
All walls start to fall
But I'm tryin' to take things slow
Just goin' with the flow
I want you to know
I want you to stay, don;t go
I want you to know
I 'm comin' your way , don't go
I want you to know
I want you to stay, don't go
I want you to know
I'm comin' your way, don't go
I want you to know
Yes, I want you to stay, don't go
I want you to know
I want you today, don't go
Stay, stay, stay (x2)
