

# Perfect Attendance, From Start To Finish

twelve broken skateboards  
ten pairs of shoes  
and one broken bone  
what more can i lose  
such a tight schedule  
when will i sleep  
cause i've got no brakes and the mountain is steep  
i'm in too deep

what does any of this mean  
what does it matter  
cause i cant figure out why  
i'm stuck up my own ladder  
stuck so way up hi

i just went broke and the bills cam today  
my assingment is late and i still want the A  
everyones got time but no one will share  
when it's all over will anyone care  
it isn't fair

god gives us bigger things to worry about  
some day soon we'll all figure it out
