

# Perkele, Perkele - The Day Has Come

I got enough of your fucking shit,  
all that you have done to destroy our world.

The day has come to get the fucking scum,  
the day has come, we'll get them everyone.

I'm tired of you standing in my way,  
and destroy my day, of your own race.

The day has come to get the fucking scum,  
the day has come, we'll get them everyone.

I know your name, and your name is scum,  
you better start to run, a long long way.

The day has come to get the fucking scum,  
the day has come, we'll get them everyone.

Oi! Oi! Oi!  
Oi! Oi! Oi!  
Oi! Oi! Oi!  
Oi! Oi! Oi!

The day has come to get the fucking scum,  
the day has come, we'll get them everyone.

The day has come to get the fucking scum,  
the day has come, we'll get them everyone.
